

## Leader's Letter of Intent

If you are reading this letter it means you are already involved or interested in Groups at The Project. I want to take this chance to let you know why we do what we do. Our heart is that every single person who comes on Sunday night will find the community they are looking for in a Group. These groups are for making connections with people and together taking the next steps in your faith journey. It is so exciting to see people grow and develop within Groups at The Project and actually find what they are looking for relationally and spiritually. And you get to have a hand in that. Isn't that amazing?

We need you who are maturing in your faith and living your life daily for Christ to invest in a Group of people who are interested in the same thing.

There are a few **expectations and requirements** you must meet in order to lead a Group at The Project.

- **You must show leadership potential.**
- **You must be actively living your life for Christ every day. (This doesn't mean perfection, just a right heart.)**
- **You must conduct yourself according to the Biblical absolutes of the Bible.**
- **You must attend every meeting scheduled and respond to communication from your leader.**

I am so thrilled that you are involved or considering being involved and I am excited to see what God will do through you. I want to let you know that you are taking on a huge responsibility – not in a scary way, but in a good way, not to be taken lightly. You are taking responsibility for the spiritual care of a group of people. We are excited to partner with you in this and are here to help and train you and set you up for success.

I encourage you to prayerfully consider or reconsider this responsibility and let us know if you are ready to take this on. There are hundreds of people needing care in this ministry and approximately ten of them need you.

Please make sure you can agree to all of these commitments and requirements before signing below. If you are not able to commit at this time, please indicate whether or not you would like us to contact you in the future. It is your responsibility to get this letter back to me in order to proceed.

Thanks for your willingness,

Kevin
